1. Join

- Web: /prebooking/register

- Roles: customer · provider · shuttle · salon · owner · ops

- Same BusinesSite fields: country of birth, trading country, languages spoken, mother tongue / home language, and the currency you see

- eyesWallet keeps the ledger in rand. Another currency on the offers page is an approximate

- After Join the browser shell matches the Android app: Home · Offers · Book · Jobs · Chat · Me

2. Find a service

PreBook on the home screen opens every published service at
/prebooking/book.
Search by name, or choose a sector. All sectors is the start.
PreBook on a card opens that one service.
The Beauty Services photo catalog remains at
/prebooking/offers?sector=beauty.

3. Prices

On a R200 walk-in: 1 month R150, 3 weeks R160, 2 weeks R170, 1 week R180, next day R190, today R200, skip the queue R240.
A named provider is dearer than the generic skill. A salon price is at least the average of its people.
The cheap tier unlocks only after prepayment (eyesWallet, or a PayFast link when the eyesWallet balance is short). Both charge rand.

4. Claim pool and shuttle

A generic prepaid job is offered to providers with that skill. The first one whose calendar is free wins.

A home booking with a provider who does not travel, or a workspace booking for a customer without transport, opens a linked shuttle on the same engine.

5. CareerWIL back office

Unclaimed jobs, failed payouts, card refunds, and device authentication are tasks on CWIL-MILZET-2026. Open CareerWIL or /prebooking/office.

6. Offline and mesh

The phone keeps bookings, claims, and chat when there is no network, then flushes in the background. Bluetooth mesh runs only while offline. A relay credit lands in eyesWallet.
